Language Garden

文教大学 言語教育センター

Hello Bunkyo Students,

We are happy to share this newsletter with you.

Learning a foreign language takes time, effort, and patience. However, when you learn a new language, you open a door to new cultures, new people, and new ideas.

At our Language Gardens, we are here to help you. We offer conversation sessions, writing support, study advice, and a friendly space where you can practice without fear. Making mistakes is a natural part of learning. Please feel free to try, speak, and ask questions.

Best wishes,
Language Education Center

英語の絵本、多読教材、マンガの貸出

Do you know some picture books have been banned by school districts or under state laws in the U.S.? At LGK, you can find out what kinds of books they are. Be among the first to explore inclusive stories.

We also have a collection of manga, such as *Demon Slayer* (鬼滅の刃) and *Spy x Family* (スパイファミリー). Discover more at the LGK bookshelves.

Language Garden Adachi

Located on the 3rd floor, next to the library entrance, the LG (Language Garden) offers a lot of assistance for you to improve your language skills. We are open every weekday. You will find a large collection of books, study guides, and DVDs in the LG. Come join us for our Lunch Time Chat (every day from 12:30 to 13:00). You will have a chance to 'chat' with native speakers of different languages. Finally, don't miss out on the activities we offer throughout the year such as Halloween and Christmas parties! We are looking forward to seeing you!

Have you tried ER, Extensive Reading (多読)? It means reading lots of really easy and fun books!
